### 8<sup>th</sup> Annual Spring Paving Seminar

Wednesday, April 13, All day

Thursday, April 14, 8:00 - Noon

Presented by: Maine Asphalt Pavement Association

NEW LOCATION IN 2011: We are delighted to join forces with the Maine Chapter National Association of Women in Construction this year at Construction Expo of Maine. That means more cutting edge training, the opportunity to see the paving industry newest tools and equipment and new advances across the entire construction industry.

NEW THIS YEAR: We'll go outside on Day 2 for a hands-on demonstration.

LEARN THE LATEST ABOUT: Material Processing, Milling and Recycling, Quality Paving, and Quality Compaction. Whether you're new to the paving industry or a seasoned professional, this is an excellent opportunity to refresh and broaden your understanding of the asphalt production process. Anyone involved in the construction and paving of roads, parking lots and driveways will benefit from attending this seminar.

REGISTER NOW! [www.maine-apa.org](http://www.maine-apa.org)

### **Emissions: Right technologies. Right now**

Wednesday, April 13, 3:00 - 5:00

Sponsors by: The Maine Aggregate Association and Nortrax.

Presenter by: Joe Masanduno from John Deere

Emissions compliance is becoming a major part of your working life. Strict state air quality regulations have also become more prevalent, making life even more complicated for the heavy equipment owner. John Deere is armed with a suite of solutions tailored to meet and exceed local emissions requirements. This seminar will provide you with important information on engine emissions and resources.

### **Lubrication of Heavy Equipment and Biodegradable Lubricants**

Wednesday, April 13, 1:00—3:00 PM

Sponsored by Genalco, Inc.

Presented by Jim Zappulla, Lubriplate Lubricants Company.

### **Introduction to Marketing**

Thursday, April 14, 8:30 AM

Sponsored by: Eastern Maine Development Corporation in partnership with MaineDOT

Presented by: Shay Bellas, President and Jeff Ryan Co-Founder, 19 Oaks, LLC

Most everyone knows that promoting their business is a prerequisite for ongoing success. Knowing just how to go about it in the most effective and affordable way is a completely different story. With over 40 years of combined experience in marketing and sales for businesses ranging from one-person start-ups to Fortune 500s, Shay Bellas and Jeff Ryan are ready to demystify the discipline and show you some cost effective ways you can help your company stand apart from the rest. Their South Portland based firm, 19 Oaks, specializes in helping Maine companies succeed. There will be plenty of time for Q&A. To pre-register, email [acollins@emdc.org](mailto:acollins@emdc.org). For more information about the presenter, visit their website: [www.19oaks.com](http://www.19oaks.com)
